SHARP, qualità estetica e giochi cromatici.

SHARP, aesthetic quality and color effects.

Quando la geometria si diverte con il colore

Cerchio, quadrato, ovale, rettangolo per la collezione di lavabi d'appoggio d'arredo SHARP dal design essenziale, sempre stonatissimo. Con una lavorazione di alta tecnologia produttiva del vitreous china che rende il bordo millimetrico. Una collezione intelligente anche nella versione con piano rubinetteria che amplia gli spazi fruibili. Undici varianti di colore, da quelli più delicati, che soddisfano il desiderio di fluidità e rassicurazione, ai più decisi, dalle nuances calde, per appagare la voglia di naturalità. Per qualsiasi ambiente, dal piccolo al grande, dal privato al pubblico. Per dare un guizzo di vivacità alla 'stanza dell'acqua', ma anche alla parete di una camera da letto o al corner di un ambiente living.

When geometry plays with colors. Circle, square, oval, rectangle for the collection of vanity sit-on basins SHARP characterized by the essential design and very rounded shapes. With a high-tech process of vitreous-china to have a millimeter thick edge. A smart collection that in the version with tap holes broadens the spaces available. Eleven different colors, from the most delicate that satisfy the desire for fluidity and relax, up to warm colors and strong, warm hues to satisfy user's craving for genuineness. For any space from small to large, from private to public. To give a flicker of vitality not only to the 'water room' but also to the wall of a bedroom as well as in the corner of a living room.

FRAME, la struttura minimale dal carattere geometrico.

FRAME, the minimal structure of the geometric fitting.

Quando la funzionalità veste la cornice

Semplice, minimalista quanto basta, strizza l'occhio allo stile 'urban industrial' senza rinunciare alla praticità. Questo il concetto progettuale della collezione di mobili FRAME nata per accompagnare i lavabi d'appoggio SHARP e studiata per una polifunzionalità allargata come detta il bagno di nuova generazione. Due le versioni, mobile singolo e mobile doppio, con sifone a scomparsa per guadagnare spazio, barra laterale che funge da porta asciugamani, elemento a giorno volutamente più basso rispetto al cassetto per un'ulteriore superficie di appoggio. Un'ossatura basic, in cui il mobile doppio può essere usato in versione 'lui e lei'. Struttura portante e porta asciugamani in ferro verniciato a polveri con vernice opaca colore antracite, sabbiata, inalterabile. Elementi a giorno, piani e cassettiere in due finiture: rovere o frassino grigio abbinato al bianco opaco. Completano la collezione due specchi: rettangolare con cornice satinata retroilluminato, tondo con lampada magnetica.

When functionality fits the frame. Simple sufficiently minimalist it approaches the "urban industrial" style without sacrificing convenience. This is the concept of the furniture collection FRAME, created to accompany the countertop washbasins SHARP and designed for widened multifunctionality, as the new bathroom demands. Two versions, single and double cabinet, with space-saving siphon, sidebar that serves as a towel rack, open cabinet deliberately lower than the drawer to make another top available. A basic frame whose double cabinet may be also used in 'Jack and Jill' version. Iron frame powder coated, anthracite matte finish, sandblast unalterable Two finishes for open cabinets, tops and drawers oak or ash grey combined with matte white The collection is completed by two mirrors: rectangular backlit and round with combined magnetic lamp.

Quando l'appoggio definisce la linea

Sistema modulare ideato a supporto dei lavabi Vignoni, serie contemporanea dalla configurazione morbida, non influenzata dalle mode. Grande top d'appoggio, di alto spessore in finitura rovere chiaro, dotato di portasciugamani laterale e disponibile in due diverse dimensioni, 120 e 140 cm, dove il lavabo può essere collocato in posizione centrale oppure laterale, per una più ampia superficie di appoggio.

A completamento, i contenitori modulari con anta opaca bianca o antracite, da posizionarsi a piacere. Integrano la proposta due specchi orizzontali nelle stesse misure delle mensole e le lampade a led.

When the support defines the line. Modular system designed to support washbasins by Vignoni, a resolutely contemporary collection with a soft configuration, not influenced by trends. Large, thick countertop, light oak color finish, with side towel bar and available in two different sizes, where the wash basin may be placed in the center or on the side, for a wider support surface. To complete the whole the modular drawers with matte, white or anthracite face, to be positioned as desired. The proposal also provides two horizontal mirrors having the same sizes of the tops and led lamps.
